

ParcelPilot Cancellation & Service Credit SOP v4

Status: CURRENT

Effective: 15 June 2026

1. Order cancellation

- **DRAFT:** May be cancelled with no fee.
- **BOOKED, not yet PICKED_UP:** May be cancelled. No fee within 30 minutes of booking. After 30 minutes, charge INR 250 unless a customer agreement explicitly waives the cancellation fee.
- **PICKED_UP:** Do not cancel. Use the return-to-origin workflow if the customer wants the parcel returned.
- **DELIVERED:** Cannot be cancelled.

2. Failed-pickup service credits

Under the default policy, a customer is eligible for a service credit when the pickup is more than 2 hours past the end of the scheduled pickup window, the carrier is at fault, and there is no customer-caused issue. The default credit is the lower of INR 500 or 10% of the shipment fee.

A signed customer agreement may replace the default delay threshold, credit amount, or cap.

3. Approval and uncertainty

- Any individual credit above INR 1,000 requires manager approval.
- Do not promise a credit when carrier fault, pickup timing, or customer fault is unknown.
- When data conflicts, identify the conflict and request verification before a state-changing action.
